FIXTURE NOTES:

- Each team plays every other team (plus one duplicated match-up)
- We have tried to schedule teams fairly over both greens (roughly 1/3 East, 2/3 West).
- We have deliberately varied the greens/rinks that each team plays on.
- Also we have tried to keep teams on the same green each week but that is difficult to arrange.
- The 16-Dec is reserved to replay an abandoned week if necessary.
- Your weekly scorecard will have details of your rinks/opponents for the day so this fixture is FYI only.

GAMEDAY NOTES:

- You are welcome practice from 5pm and we suggest that you use the rink of your first game.
- Game starts on 6pm bell. Be ready to begin first end on time.
- Keep your games moving as a delay in one game causes delays in following games
- Move quickly to your next rink to avoid unneccessary delays.
- We regret that some teams will have to move between the East and West greens. (This is an unfortunate consequence of giving priority to having the full season fixture.)
- Please return your bowls to the storage place from where they were collected.
- HAVE FUN
